There is no provision in the current year's P.W. Budget for constructing a Dispensary at Kunusi (Estimated to cost Rs 7,891), but there is an allotment of Rs 2,500 to cover provincial share of a Dispensary at Siralkoppa & this amount can be transferred to the former if desired. If the Municipal quota of the share is to be waived for want of resources under that fund, then the entire cost of the building should be equally divided between the Provincial & District Funds as a special case under para 3 of Govt. Pres. no. 7041-53/27.117-937 16th October 1893.

It will be sufficient if a sum of Rs 1500 can be made available from District Fund to meet current year's outlay, the balance of the Provincial and District Funds share being provided in the respective Budgets of the next year. —

Sir,

n. 9 283-55
sl-1

I have the honor to state that as the building where the present dispensary at Shiralkoppa is not fit for the purpose the District Fund Board sanctioned an allotment of Rs. 1500/- in the year 1905-06, for the construction of a new dispensary building.

In the District Fund Board meeting held in Shemoga Town on 3-5-06. it was decided to begin the work of construction at Shiralkoppa prior to that at Kumsi (vide Executive Engineer Shemoga Division No. 414 dated 5-4-06 and subject No. 13 of the District Fund Board meeting dated 3-5-06) the Executive Engineer and myself had to protest against the decision of the Board, - stating that:-

1. Day by day the town of Kumsi is getting into prominent owing to the recent starting of Mangnese mines in the suburbs.
2. That, in the course of a short time, it will attract a large number of people from outside and thus there is a probability of its population being ~~increased~~ increased.
3. That, at present, there are over 500 coolies working there, requiring constant medical help and when sick, rest and treatment as in-patients in the Hospital.

That, there is a European population at Kumsi.

For the reasons stated above, the present building -- where the dispensary is located at Kumsi is not at all fit for the purpose and that the construction of a new dispensary on the standard type, is a matter of more urgent necessity than one at Shiralkoppa and I have asked the President to note down our -- protest.

Under these circumstances, I beg to request you to --
to the Government for the necessary orders to start

9 the work at Kumsi at a very early date prior to that Shiral-
koppa as sanctioned by the District Fund Board which may be --
taken on hand next year. Any urgent cases requiring rest and
treatment in the Hospital as in-patients, can be sent over to --
Shikarpur
Shiralkoppa which is only a distance of 11½ miles from Shiral-
koppa.
